CBSE BOARD RESULT

It is to certify that the students appeared for the 10th class board exams, in which our school got 100% results. The school has made a record of 100% results for the last 3 sessions (**2021-22, 2022-23 & 2023-24**). There were some merits and mostly first divisions.

We assure to maintain this for future too.
